PROFESSIONAL SUMMARY

Motivated MERN Stack Developer with hands-on experience building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Strong knowledge of RESTful API development, JWT authentication, CRUD operations, MVC architecture, and responsive UI design. Skilled in integrating frontend and backend systems. Seeking an entry-level or internship opportunity to contribute technical expertise while continuously learning and growing as a software developer.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Redux Toolkit, Responsive Web Design

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Middleware

Database: MongoDB, Mongoose, Database Schema Design

Tools: GitHub, Postman, VS Code

Concepts: CRUD Operations, Authentication & Authorization, API Integration

PROJECTS

Full-Stack Blog Application (MERN Stack)

- Developed a full-stack blog application using MongoDB, Express.js, React.js, and Node.js.
- Implemented user registration and login with JWT-based authentication and protected routes.
- Built RESTful APIs for creating, editing, deleting, and retrieving blog posts (CRUD operations).
- Designed responsive UI components and integrated frontend with backend APIs.

MERN E-Commerce Web Application

- Built a full-stack e-commerce platform with product listing, shopping cart, and order management.
- Implemented authentication, authorization, and secure API endpoints using JWT.
- Managed global state using Redux Toolkit and integrated MongoDB for data persistence.
- Followed MVC architecture and best coding practices for scalable development.

Todo Application (React + Node.js)

- Developed a task management application with full CRUD functionality.
- Created delete, edit and task completed options.

EDUCATION

Bachelor of commerce
Chaldean College, Thrissur
Course Completed 2019

ADDITIONAL INFORMATION

- Strong problem-solving and debugging skills.
- Quick learner with ability to adapt to new technologies.
- Good understanding of version control and collaborative development workflows.

DECLARATION

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
